

Celebrity Millennium

Millennium - Ship Description

The award-winning Millennium was chosen as #2 in the Top 10 Large Ships category and Food/Dining by Condé Nast Traveler Readers' Choice Awards. Decorated in wood and marble, etched glass, and polished granite, all of Millennium's decks are lavishly finished. The ship sails at 24 knots and touts an impressive guest-to-staff ratio of 2.5 to one, assuring that each one of its passengers is met with individualized service.

The 10,000-foot Aquaspa is equipped with a fitness area with advanced gym equipment, an aerobics area, beauty parlor, and 16 treatment rooms offering everything from the Cleopatra hydrobath to tropical showers. The ship's Aquadome and Riviera feature four swimming pools, two air beds, six whirlpools, bandstand, dance floor, sun shop, and grill and light cuisine buffet for post-swim snacks. On the Sports Deck, there's a full-size basketball court, compact football field, paddle-tennis tables, and volleyball court. The Sunrise Deck also features a golf simulator, jogging track, and the ever-classic shuffleboard game.

Fine dining takes place each night in the main dining hall, which offers white-glove service and menus designed by master chef Michel Roux. Also onboard are specialty restaurants and cafes. Broadway-style shows take place in the ship's lavish theatre, and there are several bars and lounges to choose from for evening entertainment. Among the offerings are a cigar club and a champagne and caviar bar. There's also a special lounge just for teens.
